

"What is the PopUp Business School?"

We are the UK's leading alternative business course that shows you practical ways to start a business for free, regardless of where you're at on your journey. If you are already established we will also be covering how to adapt and be more resilient during times of change.

"What do you mean free?"

The course is free thanks to the support of local sponsors. No one has **EVER** paid to attend. **NO** upselling. **NO** surprises. **NO** hidden terms and conditions. **We promise.**

"How will the course work?"

Our one-week online course brings our unique approach to running a business to you. Over five days we will present live seminars via zoom and with practical exercises, and online networking we will show you how to adapt your business for online audiences and how to develop your confidence, skills and knowledge.

WHAT'S ON? learn our unique way of thinking about business through practical and hands-on sessions.
